Please answer the following essay questions to the best of your ability. There is no length requirement. If necessary, additional pages may be submitted with this document. In order to submit this form, please save your responses and e-mail the form to scholarships@ruraltechfund.org.

Essay 1

Computer technology is a vast field consisting of multiple disciplines and specialties. What area of technology are you most interested in and what has drawn you to it?

Essay 2

How has the rural community you attended high school in helped to shape you into the person you are today? Describe one person in your community (who is not a relative) that has had a positive impact on your life.

Essay 3

The use of computer technology in rural communities is often limited due to a lack of formal education in this field of study. What computer skills and technologies do you think that high schools should be teaching?
